Instructions on resetting Multicode Keypads:

STEPS

- #1 Take out battery and press the number 5.
- #2 Reattach battery.
- #3 Take your time and make sure you press every button.
(Light will flash with every button strike.)
- #4 Push radio learn button twice *(Red light lights up.)*
- #5 Push 1, 2, 3, 4 then push in numbers that match numbers in remote which have the toggle switch pushed down towards the numbers. See picture to right.
- #6 Push radio learn button *(Light goes out.)*
- #7 Push access learn button twice. *(Red light lights up.)*
- #8 Type in 1, 2, 3, 4 then the four digit code.
- #9 Push access learn button once. *(Light goes out.)*
- #10 Enter code for door - should run.
- #11 If any problems call 573-348-4399 - ask for Paul Dulle.

In example: 1, 3, 5, 7 and 9 are pushed down towards numbers.
